## Have Yourself A Merry Lyttel Christmas

Let Your Heart be Light...

As we approach our favourite time of the year we wanted to say a great big thank you to all our volunteers, tourist operators, technology supporters and financial contributors including the Christchurch City Council; Canterbury Community Trust; and Community Organisation Grants Scheme for supporting and encouraging us through the challenges of 2011. You are all simply awesome and we are often humbled by your generous support for what we do. Thank you, thank you, thank you!

It has been a year of highs and lows, but a year where it has been brilliant to see us all helping one another to make our community a stronger place. It has been humbling to see all the help Lyttelton has received from far away regions as well. All sorts of donations have generously flooded into this area. Last week was no exception with the Salvation Army, the Farmy Army and Wesley Mission giving generous Christmas food hampers to many local residents.

To everyone who has supported the Lyttelton Harbour community this year, and on behalf of the community, we thank you. Your support is making a difference, and it has helped Lyttelton to move forward.

2011 has delivered a year of extraordinary challenges, and while many residents here in Lyttelton are looking toward starting repairs or rebuilding, a number of Lyttelton residents face an uncertain New Year. Spare a thought this Christmas for our local families caught in limbo in the white zone, and those issued with the perceived risk eviction notices delivered by the Christchurch City Council this past week.

A very special thank you needs to go out to the Lyttelton Mt Herbert Community Board and other elected representatives who have tirelessly worked above and beyond the call of duty this year. Putting aside your own earthquake trauma to be there for your community, has shown an unprecedented commitment to the positions you all hold. Thank you. And last, but by no means least, we send a big thank you to the team at CERA who have taken an active interest in Lyttelton.

This is the last edition of the Lyttelton Review for the year, but rest assured we will be back again in the New Year. Inspired by Lyttelton Harbour Information Centre volunteer, Lynnette Baird, this newsletter has grown from strength to strength since its inception in June. Today over 1,000 Lyttelton Harbour residents receive the Lyttelton Review each week via an email database; with printed copies now available each week at Fishermans Wharf, Samo Coffee and the Lyttelton Club. Based on all the feedback received, we believe we have created a newsworthy product that continues to be useful and informative for many people. In our view, the successes of the Lyttelton Review rests with all of you who have taken the time to contribute articles, or allow yourselves to be photographed, or interviewed, to help keep this community stay more informed, and more connected during this unprecedented year of traumatic events.

**From everyone here at the Lyttelton Harbour Information Centre, we wish you all a very Merry and Happy Christmas; and hope you will have wonderful times with your loved ones; that you enjoy the summer; travel safely; and make time to laugh, sing, dance, play and ENJOY! See you all in 2012.**

Ten months after the February earthquake it seems reasonable to expect to see signs of recovery, forward progress and dear we say it, things to start to return to some form of normal. Due to the scale of the February event, most of us appreciate that repairs and rebuilding will take time. But nothing prepares the community for more building or park closures ten months after the devastation was unleashed.

In recent weeks the Lyttelton Review announced the closure of the Lyttelton Recreation Centre and Paula Smith, Chairperson Lyttelton Mt Herbert Community Board, has mentioned that this community facility may be closed for a considerable time.

This week we report the Lyttelton Main School have lost two thirds of their playing field. While the playground is effectively owned by the Education Department, it has long been an open community recreation space.

The implications now surrounding this playground is the closure of the Gaol Steps connecting Oxford Street and St Davids Street; the weekend Grassy Art Market is compromised for space; outdoor musical events previously held on the park are in jeopardy; and recreational users of this very popular park may not be able to return any time soon.

With Christmas less than one week away, it is also difficult to understand why the Christchurch City Council chose this particular week to issue eviction notices on local residents living in the White Zone and within the perceived rock fall risk areas of the Port Hills enclosing Lyttelton.

Here in Lyttelton, there are days when residents are left wondering what else could possible go wrong. But rather than focus on the new wave of legislative gloom, there are small signs of progress happening in town, where business owners have had to dig deep to successfully take on bureaucracy in order to open their doors to help Lyttelton's recovery.

Businesses now open, or due to open in the very near future include:

Dave's Place	48 London Street	Cafe during the day; bar open Friday, Saturday, Sunday
Freeman's	47 London Street	Renovations are finishing, due to open soon
Porthole	42 London Street	Container bar due to open soon, so watch this space
Tin Palace	13 Oxford Street	Art gallery and exhibition space, now open

Although we are yet to see any business open on the south side of London Street, it is encouraging to see the redevelopment starting in Lyttelton, and as 2012 looks to begin there are several groups and individuals who hope the Christchurch City Council will return from the holiday period with an open mind and can do attitude to support new recovery initiatives.

**Council process

make it happen**

**Yeah right.**

# More Council Buildings May Close

Be Prepared, As More Buildings Are Assessed

All council owned buildings will undergo a Detailed Engineering Evaluation and will be assessed for compliance against the current building code, referred to as the New Building Standard. Whether or not buildings open, or remain closed, will be based on:

- Buildings with a capacity of 33% New Building Standard, or less, will not be occupied.
- Buildings with a capacity between 34% and 66% New Building Standard can only be occupied where structural engineering advice confirms that there is a moderate to low risk exposure [based on building strength, occupancy levels and occupancy duration] and/or a high cost [financial or otherwise] of not using the building.
- Buildings with a capacity exceeding 67% New Building Standard can be occupied without restriction.

Last week in Akaroa the Christchurch City Council closed down the Service Centre, including the Post Office and the Akaroa Information Centre as a result of a structural engineering assessment that declared the building was below code.

Christchurch City Council General Manager Community Services, Michael Aitken, says this is just the beginning of a long term process, and that "we are likely to face some tough decisions in the next few years about buildings that are too badly damaged or will cost too much to repair because we unfortunately don't have the money to repair everything."

Michael Aitken further adds that a lot of public consultation about the type of facilities the community wants has already occurred as part of the draft Central City Plan and other key Council strategies; including the Draft Lyttelton Master Plan.

In Lyttelton this includes buildings used by the Lyttelton Harbour Information Centre, Grubb Cottage, the Library, Project Lyttelton and more. All these buildings have the potential to be closed, and even liquidated by the Christchurch City Council to help fund the retention of other facilities across Canterbury, if they fail to meet current building strength standards.

To the best of our knowledge, over the past ten months the Christchurch City Council have undertaken a full structural survey on one property, the Lyttelton Recreation Centre, with the following Council facilities in Lyttelton having been classified as:

## **OPEN** awaiting detailed structural engineering report

18 Canterbury Street	Lyttelton Library
54a Oxford Street	Project Lyttelton 'The Portal'; Community Garden

## **CLOSED** awaiting structural engineering report

1 Gladstone Quay	Donald Street Stables
35 London Street	Christchurch City Council Service Centre
62 London Street	Historic Grubb Cottage
18 Oxford Street	Lyttelton Harbour Information Centre
18a Oxford Street	Lyttelton Public Toilets
26 Oxford Street	Lyttelton Gaol Cells; Upham Clock; Rose Gardens
54 Oxford Street	Norman Kirk Swimming Pool
58 Oxford Street	Swimming Pool Grass Area
4 Sumner Road	Plunket Rooms; Toy Library

## **CLOSED** due to structural concerns

35 Winchester Street	Lyttelton Recreation Centre
----------------------	-----------------------------

Community Board Chair Paula Smith says " Anyone interested in more details about how decisions about community facilities are made can read the report on the Facilities Rebuild Plan on the Christchurch City Council website on the Council Agenda for 8 December, Item 31 on page 235" or <http://www1.ccc.govt.nz/council/proceedings/2011/december/cnclcover8th/index.asp>

# Fortnightly Earthquake Meetings

Held by Christchurch City Council

The Christchurch City Council is now having special fortnightly earthquake meetings, where all matters relating to Earthquake recovery are to be considered. Roger Sutton from CERA is to be in attendance at them. Paula Smith, Lyttelton Mt Herbert Community Board Chairperson said "Council will get regular monthly reports about a number aspects of recovery and there will be quarterly updates about community facilities".

Paula explained that one of the objectives of these meetings is to make opportunities for residents with earthquake issues to talk directly to the Council. Some individuals and groups have already made deputations.

If you are experiencing difficulties you might like to take this opportunity to speak directly to the Council. To make an appointment for a ten minute deputation phone the council secretary Clare Sullivan 941 8533.

## Farewell Sweet Volcano

Photographic Study by Amelia de Roo

'Farewell Sweet Volcano' is a photography book that focused on the Lyttelton Community and the earthquakes over this past year. This was Amelia's final year project at Canterbury University, where she studied Fine Arts Photography. Amelia knew straight away she wanted to discover Lyttelton through photography and why she loves this place so much.

Following the February earthquakes, Amelia came to find it wasn't just the place, but the people in it who are extraordinary. Through constant photographing she discovered so much about this town and the amazing people that live here. Amelia has just recently held a Photography Exhibition at the Tin Palace to support the book she created, and to show it to the wider public, especially the Lyttelton community.

Receiving an amazing response Amelia has done a Limited Print run of a hundred books at the Exhibition, and she was lucky enough to get lots of pre orders for the book. Amelia has but a few books left and is still taking orders. The books are \$65.00 each, with the profit of the book going back into the Community. Please feel free to email Amelia or call if you would like to place an order.

Amelia wanted to thank everyone who helped and supported her to make the Exhibition and the release of the book possible.

Contact:  
Amelia de Roo 027 375 3356  
Email [ameliaderoo@gmail.com](mailto:ameliaderoo@gmail.com)

Pre-ordered books will be available for collection from 21 December at the Lyttelton Harbour Information Centre, 65 London St. Payment by cash or cheque only - as no eftpos facilities are available.

*The exhibition and printing of the book has been funded by the Project Lyttelton Earthquake Fund, Adgraphix, Spectrum Print, and Lyttelton's Lions Club - Amelia de Roo.*

## SPRIG

Stoddart Point Regeneration Ideas Group

SPRIG is a Diamond Harbour and Bays Community project, aiming to restore and rejuvenate what we have lost, and need to keep our community vibrant... together.

A group of local residents are supporting the post earthquake recovery of the Diamond Harbour community, and have formed a subcommittee of the Diamond Harbour Community Association: SPRIG [Stoddart Point Regeneration Ideas Group].

SPRIG includes representatives from all the local residents associations, and seeks to work with all local groups. Our membership is fluid and if you have an idea or wish to support a project then you are welcome to join for as long as suits you. Also, if you are a member of a local group or association that we've not yet been in touch with, please do make contact with us – we would welcome the opportunity to explore together how we might be able to support and assist you.

## Sublime Sounds at The Point

New Years Day Entertainment

While we await deconstruction of Godley House, SPRIG thought it might be good to get a little more happening in Diamond Harbour thus, Sunday afternoon live music is happening right through the summer.

Come on over the Harbour and join in for chilled out, lazy summer Sundays (almost) like they used to be!

Some quick thinking from Project Lyttelton in February saw an appeal for funds for Lyttelton township gather momentum soon after the February 2011 earthquake. A PayPal fundraising button was added to our web site and some general information was given out to a wide network of people. Within days generous donors were sending money to Lyttelton.

Our community received \$46,571.17 from people from New Zealand and around the world. A sum of \$15,506 was sent from the Matakana Markets. Some of this money was used to pay for the performance structure for The Loon's MacBeth performance. Some of this is still to be spent on entertainment for the town.

The balance of \$31,065.70 has been distributed by the Project Lyttelton Earthquake Community Fund Team, made up of representatives from Project Lyttelton, Lyttelton Mt Herbert Community Board, Community House, Lyttelton Harbour Business Association and Lyttelton Main School.

The funding team has been able to put these funds to great benefit for the Lyttelton Community. The projects that benefited from these fabulous donations are:

**Community House** received \$1000 for its elderly food programme; **Harbour Arts Collective** was able to employ Trent Hiles part time to co-ordinate the response for Arts Initiatives in Lyttelton \$3200; the **eARTHquake Therapy Initiative Charitable Trust** was also able to employ Michael Herman part time to develop their arts therapy programme \$3954.24; **Pirates of Corsair Bay** a play that is scheduled for March 2012 will be able to employ creative people for school workshops getting children ready to be pirates for the play \$2000; **Harbour Arts Collective** was able to have a fundraising exhibition at the Tin Palace. \$400. This was the first exhibition in Lyttelton in months; **Lyttelton Combined Schools Trust** for reproduction of an Earthquake edition of the Lyttelton Harbour Cookbook. This cookbook will be used as a vital fundraiser for the schools \$5000; Lyttelton Main School so that several children were able to go away on camps, have some fun and be children again \$1440; **Lyttelton Harbour Information Centre** for some leaflets for new tourist walking activities \$1000; **Amelia de Roo** spent a large part of the year photographing Lyttelton recovering, and was supported with \$900 to get her book published and an exhibition organised. Proceeds from the exhibition and book sales will be donated to Lyttelton's recovery; **“The Clinic”** was given \$800 for two free Lyttelton performances of their outdoor Earthquake Comedy “Hold Onto Your Horses”. The second performance is scheduled for January 21<sup>st</sup>; the **Menz Shed** received \$100 for some track repair work; **The Loon's** received \$4800 to pay Kate Anastasiou to be a part time fundraiser so they can get their building back up and running again; The **Lyttelton Muso's Club** received \$1000 for the bands to play at the Lyttelton Christmas Party on December 16th; The **Grassy Market** received \$560 for a new gazebo plus also received an additional \$1000 for sound equipment from our Matakana entertainers funding; and finally the **Lyttelton Tennis Club** received \$5000 to re-fit the small club house and make that site an attractive community asset again.

On behalf of the Lyttelton Community this is a thank you to all those generous supporters who helped us. Your donations have made a big difference to this town and have enabled so many projects to get under way.

All available funding has been distributed so further applications will be put on file in case more funding is given. If you still need funding please contact Wendy Everingham at the Lyttelton Harbour Information Centre and she will give you other options - phone 329 9093.
